If you are covered by health insurance, you are strongly encouraged to consult with your health insurer to determine accurate information about your financial responsibility for a particular healthcare service provided by a healthcare provider at this community health center. If you are not covered by health insurance, you are strongly encouraged to contact our billing office at 970-697-4603 to discuss payment options prior to receiving a healthcare service. Prices might not reflect the actual amount of your financial ability. No patients will be denied services based on an inability to pay. You are encouraged to speak to our billing office to determine if you are eligible for a sliding fee discount based on your income and family size.
