

Tiger Wellness Center Enrollment Form

Healthy Kids Learn Better

The Tiger Wellness Center (TWC) is an integrated health center inside of Grand Junction High School that provides in-school access to medical, behavioral health, and dental care. We work with the school nurse, health aide and counselors to provide quality care. Studies show students who use integrated health centers miss less school. Parents or guardians need to sign their student up for integrated health center services. Student access may be removed at any time with written notice. Services are open to all students and staff of Grand Junction High School.

Students are allowed to attend appointments by themselves. Students will be sent home with a summary of their primary care visit if requested. It is our goal to encourage students to have their family involved in their care and we will try to facilitate this where possible.

Enrollment at the TWC may allow your student to be seen and billed for the following services:

Yearly medical check-up (may include routine lab tests)	Referral to other healthcare specialists
Sports physicals	Substance use prevention, education, and counseling
Care for common colds, other illnesses & injuries	Behavioral health services to include individual counseling visits
Prescriptions for bacterial illnesses and other medications	Healthy eating and exercise education
Assistance in the care of chronic conditions	Family planning education and counseling
